### **Brake Systems, Capability & Delivery Synergies**

Bendix® brand foundation drum brakes from Bendix Spicer Foundation Brake LLC are standard equipment on many of the industry’s leading truck, trailer, axle and suspension OEMs. In addition, we continue to provide a significant volume of foundation brakes as fleet spec on other axles, suspensions, trailers and trucks. The company remains the industry’s single complete source for brake system design, manufacturing, hardware and support for all foundation brake components and actuation systems.

Supported by an extensive field sales and service organization including representatives from Bendix Commercial Vehicle Systems LLC, Dana Corporation, and Roadranger®.
